Gujju Diagnostic Centre

Digital X-Ray

Patient Information

- Patient Name : Yeddula Poojaswitha Reddy
- Age : 20
- Gender : Female
- Study Date : 26-05-2025
- Study Time : 23:38:17

Diagnosis Of Pneumonia

Technique Used : Detection using Deep Learning on chest X-Ray.

Diagnosis Result : PNEUMONIA IS DETECTED.

Pneumonia Stage : Stage 3 (Severe)

Severe Pneumonia Recommendations:

- Seek immediate medical attention for close monitoring.
- May require ventilator support or oxygen therapy.
- Continuous monitoring of heart rate, oxygen levels, and respiratory functions.
- Proper fluid management to avoid overhydration or dehydration.
- Stay in an isolated place to avoid spreading the infection.
- Consume a protein-rich diet to aid recovery.
